Dear Harold:

Here are two copies of one more chapter retyped with your corrections and inserts.

I'm trying so hard to follow your version to the letter, but since I sent you the original I'm enclosing a Fed. Ex. form (charged to me c/o Richard Gallen & Co.) to make it easy for you to return your original back to me so I have a proper guide in order to complete your original version for your archives.

(If you can return the original it will be easier for me to match everything up properly.)

Thanks for your note about the Danish gentlemen. (I've always been fascinated by Denmark and hope to get there some day, especially since they appreciate Harold Weisberg too!)

Love,

Rayhaeh
